Internal and Deliberative

Laurel and all

I have completed my review, edits and additions to the General Comment section on max.gov.

As we discussed earlier today, Mike has graciously agreed to help with general editing before we ask OGC to review.

So Mike this section is ready for your editing – thank you!

Once Mike's done, I suggest we let Matt Marks know so he can start his review, there is one comment in particular I've flagged for OGC (FOIA cases), that I want to seek their input on.

Thanks
